“ To the family members of Alice, I share in your grief. She is in a better place. Alice had a laugh that would make you laugh with her no matter what the circumstance. She was a warm and caring person, and I will always remember her for that. I remember when her first child was born and how good a parent she was. I think God that she was in my life. We had good times and growing pains, but we had them together I will always love her for that season in our life. May she rest in peace. From a dear friend, Franchesca Cox Brown.

“ My heart goes out to you and your family for the loss of my dear Riverside High School classmate. Alice and I were very close friends during our time at RHS class 1970. I knew Alice as a very kind and smart young lady. I know how difficult this time must be. I will keep you all in my prayers. May many memories of happiness give you all the peace and comfort you need during this most challenging time. Please accept my sincere condolences.
