“ *My heart goes out to the family. Your mother had the warmest smile and always had a kind word to say. She treated you as if she knew you for years and no matter where you saw her, she treated you the same. Reflect on the good times as you carry her in your heart.*

“ I worked with Betty most of my Adult Life, she was one of the most Charismatic, Loving, devoted ladies I have ever been around. Betty could laugh and cut up with the best, she could also stand her ground with the some of the worst. Betty never met a stranger, she was never Rude, etc. even if she wasn't having the best day. She was kind, loving, with a slight independent streak. If she told you she loved you, then it was a special gift, and I received the precious gift of being able to call Betty my friend someone whom I admired deeply. When she retired it was like a vacuum had come through the office and took the life out, That was Betty the life of our work group one that we shared for over 25 years. To her girls and a Phillip I am praying for your family, and just know your Mother to me was absolutely one the most special individuals I've ever had in my life.
