“Betty was a very good friend of mine she was also my cousin we had some great times together she love her music we would spend hours just listening to her music and talking. I remember when my nephew jumped in her pool and went straight to the bottom she was so upset until she found out he was alright she sat in women cave with loud music and doing her thang. I will missed her thank God I know to be absent from the body is to be present with the lord. Sleep on Betty and take your rest we all love you but God loves you best
