“ Ms. Cenia is truly missed in the Radiology Department at Erlanger Hospital. She is a true hero and her positive fun loving nature always brightened my day. She has undoubtedly had a huge impact on my life and our talks helped a lot through some tough times. She would always say, “you gotta give it to the man upstairs”. Heaven gained a true angel. Thank you for being a friend.

“ I am so sorry for your loss. The world was a better place with Ms. Cenia in it. She is already missed. My heart is broken. Erlanger Medical Center will not be the same without her. Everyday around 2 o'clock she and her uplifting spirit would brighten my day. We would always joke and cut up with each other. She always had stories about her children, grand-children and great grand-children.
