“ You and I singing: Ohhhh Lord I want you to help me, Help me on my journey Help me on my way..... I can't help but replay that in my mind over and over. Cause Lord knows I need all of his help right now. The whole family. Thank you for allowing me to be there and care for you the way I did. You always thanked me for being a blessing but you just don't know how much you were actually blessing me. I can't thank you enough for being what you were to me. From taking me on trips to making me get off the phone at 9 or getting on the other phone embarrassing me. So much of who I am is because you were who you were. I am forever grateful. When I say I love you I still can hear you say “same song” and waiting for me to say “second verse”. I cry because I miss you but I'm at peace knowing you wouldn't come back even if you could. You are now with your wife; mother; father; sons; daughter; and your great grandson. No more suffering. All is well in my soul daddy all is well. I love you.
