“ I worked with Letisha and we had such a special friendship. I will never forget her and she holds a special place in my heart. It has taken me a while to write anything but I am just at a loss. We were the same age but I was 2 months older and she never let me forget it. She was an amazing woman and her love for her family was evident. She had a kind, happy, heart. Her laughter was infectious. I will greatly miss her in many ways. She encouraged me in so many ways. To Thomas, and the family, I hope you know that I loved Letisha very much, I considered her a sister. She always made time for us to chat about family, and life. She came to ask my thoughts and help with things and I felt honored that she felt she could. I love her and will miss her greatly.
