*I am thankful that I lived next door to Pat, as my family and I always called her. She always had a smile, a big friendly smile. I also appreciated her sense of humor. I think that it was wonderful that she had her own daycare many years ago. I will always be thankful for the friendless of her and her family. I just now remembered how she was there for my mom, brother, and I the same night that my father passed. She was right there sitting in the living room with us... to give support and comfort to us. I will never forget that. I look forward to seeing her when we all get to heaven!!!*
