“ My condolences and prayers to the family, may God keep you all comfort. This one I did not see coming. God picked this beautiful rose out the garden for her to come home. I known Queen Faith I believe since 2018, she was a beautiful lady inside and out. She was always kind and respectful to me. Queen Faith had a very powerful voice when she spoke, people listen to what she had to say. I am going to miss her voice. She is in a better place, until we meet again R.I.Paradise Queen Faith, you now have your Crown👑.
