“ Ms. Tommy was a very caring, loving, soft spoken, forgiving lady. We come to know each other and built a special friendship while working at HMC. She was a Special person, she was real, no fakeness about her, she would say what was on her mind with clarity, softness but firmly. She was honest, she loved her family and often spoke to me of her children, and grand children, and her desire to move, to be near them. Prayers and thoughts to her family.

“ My memory would be sitting in church on Sunday morning and she would get my youngest daughter put her in her lap and feed her gold fish crackers. She was a beautiful woman inside and out

To my West Coast Family,  
So sorry that you're dealing with the passing of your mom. I know it's difficult and can tell you from my experience that only time will ease the hurt. Hang on to all of the wonderful memories that's yours to keep. I often think of the times when we were kids and mama and Tommie Lee would cook and of course we would eat and enjoy the meal. Tommie Lee was the first one to give me a clue that something was going on with mama, I was spending time during the summer with you guys in Augusta) but I had to wait until I returned home to learn what is was. The news was I had a sister or brother on the way, and that's when Van arrived. I remember Tommie Lee holding and playing with Van as a baby. Praying that God will comfort all of you in the days ahead. I'll be in touch.

Your cousin,  
Peggie
